Where two jump heights are listed, the handler may choose which height their dog will jump at that trial. The dog must jump the same height for the whole trial, unless the dog changes categories during the trial.

Regular dogs may compete one height higher than their measured height.

Dogs entered in the Special category MUST jump one height lower than the lower of the two heights listed for Regular dogs.

Dogs entered in the Veteran and Junior Handler categories MUST jump one height lower than the lower of the two heights listed for Regular dogs (SD veteran), but may, at the handler's discretion, jump two heights lower (DD veteran), where available.

*Veteran dogs entered in the Junior Handler Category will also have the option of jumping three heights lower than the lower of the two heights listed for Regular dogs, where available.

Class Descriptions:

Please refer to the AAC Official Rulebook for full class descriptions.

Regular Class: This class is open to all dogs.

Specials Class: The Special category is open to all dogs that will benefit from jumping a lower jump height, at the handler's discretion. Handlers running a dog in the Special category will have the option to move into the Regular category once during the dog's career but cannot be made mid-trial.

Veterans Classes (Single Drop & Double Drop): The Veteran category is for dogs seven (7) years of age or older. This category is also open to dogs five (5) years of age or older who have been competing in the Special category for a minimum of twelve (12) consecutive months immediately preceding the move to the Veteran category. A dog may no longer compete in the Regular or Special categories once entered at an official trial in the Veteran category. Dogs are not required to move to the Veteran category when they reach the specified age. Handlers can opt to have their dogs jump at either allowable height at any given trial, provided they enter and jump the same height for all classes at that particular trial.

FEO Rules: Same fee as performance dogs. An FEO dog shall be permitted to run at their registered height or any jump height above or below, at any performance level and at any class level.

Accommodations:

There are numerous establishments in and near Prince Albert that will accept guests with dogs. Please help ensure that we have continued acceptance, by keeping your dogs under control and cleaning up after them at all times. Dogs should not be left unattended in the rooms.

Camping

There will be limited camping available on site for fully contained units only (no tents). No power or sewer hookup available. Gates will be locked in the evening for the night. Further info available for those interested. See entry form to reserve and for fees (available by pre-booking through entry form only).
